The car and engine number data must be complete with letters as well as numbers. The required data is to be found on the 3" x 4" MAKER'S PLATE fixed to the battery box, tool box, or firewall. TD owners are to include the letters in the lower half of the "CAR NO." rectangle: i.e. EXL, EXLU, EXL/NA, EXR, EXRU, etc. All registrants must include all letters and digits in the "ENGINE NO." In the event the MAKER'S PLATE is missing, you may locate the chassis number on the left front frame rail and the engine number may be found stamped on a round or octagonal brass plate riveted to the block. Please record TYPE of engine as well as the number. If the engine in your car is a replacement (if the engine number stamped on the round or octagonal brass plate does not agree with the number stamped on the MAKER'S PLATE), please write the data for the replacement engine here:
